

Many governmental and educational bodies in many Arab Countries like Jordan and GCC countries accredited the Certificate. The Certificate also has been accredited in the Kingdom of Saudi Arabia by the Technical and Vocational Training Corporation. In addition, the certificate has been accredited by the Ministry of Civil Service as follows:

(Accrediting Basic International Certificate in IT Skills (Validated by CIE), after a three months' Course, for those who successfully pass four training modules and accrediting Advanced International Certificate in IT Skills (Validated by CIE), after Six months' Course, for those who successfully pass seven training modules)
